

## FINAL NOTICE

Please act now before your membership expires.

Dear Member,

We value your membership. So I'm writing to you to give you one final chance to renew at these special discounted membership rates before your membership expires.

To continue your membership and save at these special rates, please return your renewal instructions within the next 30 days. Otherwise your membership will expire.

You will no longer receive *AARP The Magazine* and the *AARP Bulletin* with their helpful information on your health and your financial plans, and their lively features on people and places.

You'll miss out on the opportunity to save on prescriptions and health aids through convenient AARP-endorsed programs.

**DON'T DELAY, SPECIAL RATES END SOON!**

When you renew, you will have access to Medicare Supplemental health insurance as well as savings on hotels, motels and rental cars.

You can also participate in social and community service opportunities offered by local AARP chapters.

This is your chance to continue as one of millions of dedicated AARP members, working toward a better future through national volunteer efforts and protection of Social Security and Medicare.

(over, please)
